

# IMPROVEMENT IN Movable Frame Bee Hives.

The Western

QUEEN

**BEE-HIVE,**  
PATENTED JANUARY 29, 1872.  
H. STAGGS, Patentee,  
Topeka, Kansas.

This is an indispensable article for the home of the honey bee. It is not only a perfect Bee Hive, but an equally perfect Queen Raiser, Feeder, Fertilizer, Nuclei Box, Surplus Honey Department, etc., all combined under one head, which makes it the most complete and perfect Hive in use. This language may seem strong and bold, but, nevertheless, they are not half told. One must see it and know its practical workings to know its perfections, as pertaining to the Home of the Honey Bee; and its first cost does not exceed that of other practical Hives of the day.
